**REQUEST FOR CERTIFICATE OF CORRECTION  
PURSUANT TO 37 CFR 1.323**

Attention: Certificate of Correction Branch  
Commissioner for Patents

Dear Sir:

Upon reviewing the above-identified patent, Patentee noted a typographical error which should be corrected. The Amendment of December 3, 2007, copy attached hereto, clearly requires C<sub>1-6</sub> alkyl; however, the subject patent refers to C<sub>16</sub> alkyl.

In the Claims:

At page 30, Claim 1, lines 57 through 58 currently reads as follows: "...wherein R<sup>e</sup> and R<sup>f</sup> ~~independently each occurrence are~~ hydrogen, halogen, or C<sub>46</sub> alkyl."

Page 30, Claim 1, lines 57 through 58 should now read as the following: "...wherein R<sup>e</sup> is hydrogen, halogen, or C<sub>1-6</sub> alkyl."

The above error was through the fault of the Office, and is of such a nature that the meaning intended is not obvious from the context. The error now sought to be corrected is an inadvertent typographical error the correction of which does not involve new matter or require

reexamination. Pursuant to MPEP 1480, whenever a mistake in a patent, incurred through the fault of the Patent and Trademark Office, is clearly disclosed by the records of the Office, the Director may issue a certificate of correction stating the fact and nature of such mistake, under seal, without charge, to be recorded in the records of patents.

Therefore, in the present case, the Director should issue a certificate of correction without charge to the patentee.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 04-1512, under Order No. 62933A US.

Dated: April 23, 2010

Respectfully submitted,
